Events at Royal Museums Greenwich

The historic collection of museum and gallery spaces at Royal Museums Greenwich showcases pioneering architecture, British art and history, and scientific discovery and exploration within a maritime, riverside and heritage setting.

Hosting events at *Cutty Sark* provides the singular opportunity to privately enjoy the UK's only Grade I listed ship, and the only place in the world to host your event underneath a ship.

It is our pleasure to present the following option for your consideration.

Come aboard *Cutty Sark*

Built in 1869 to carry tea back from China, Cutty Sark offers more than just a grand spectacle, with a historic legacy that is sure to give your event an extra-special edge.

You and your guests can enjoy spectacular views of London, stretching out from the river-bank. Just steps away from a pier, the venue has direct access from the Thames - should you and your guests decide to arrive by riverboat or yacht.

Guests can enjoy the entire ship on arrival, exploring two internal decks and ending on the top deck overlooking the River Thames and Canary Wharf before heading downstairs.

Heading below to the Dry Berth, guests can enjoy refreshments under the copper hull of the ship itself, suspended dramatically overhead. This is truly a reception location your guests will never forget.

Suggested timeline

1705 – 1900 – Supplier set up

1900 – Guest arrival, walk around the historic ship

1900 – 2230 – Drinks reception takes place in Dry Berth; canapes and bowl food service

2230 – Bar closes

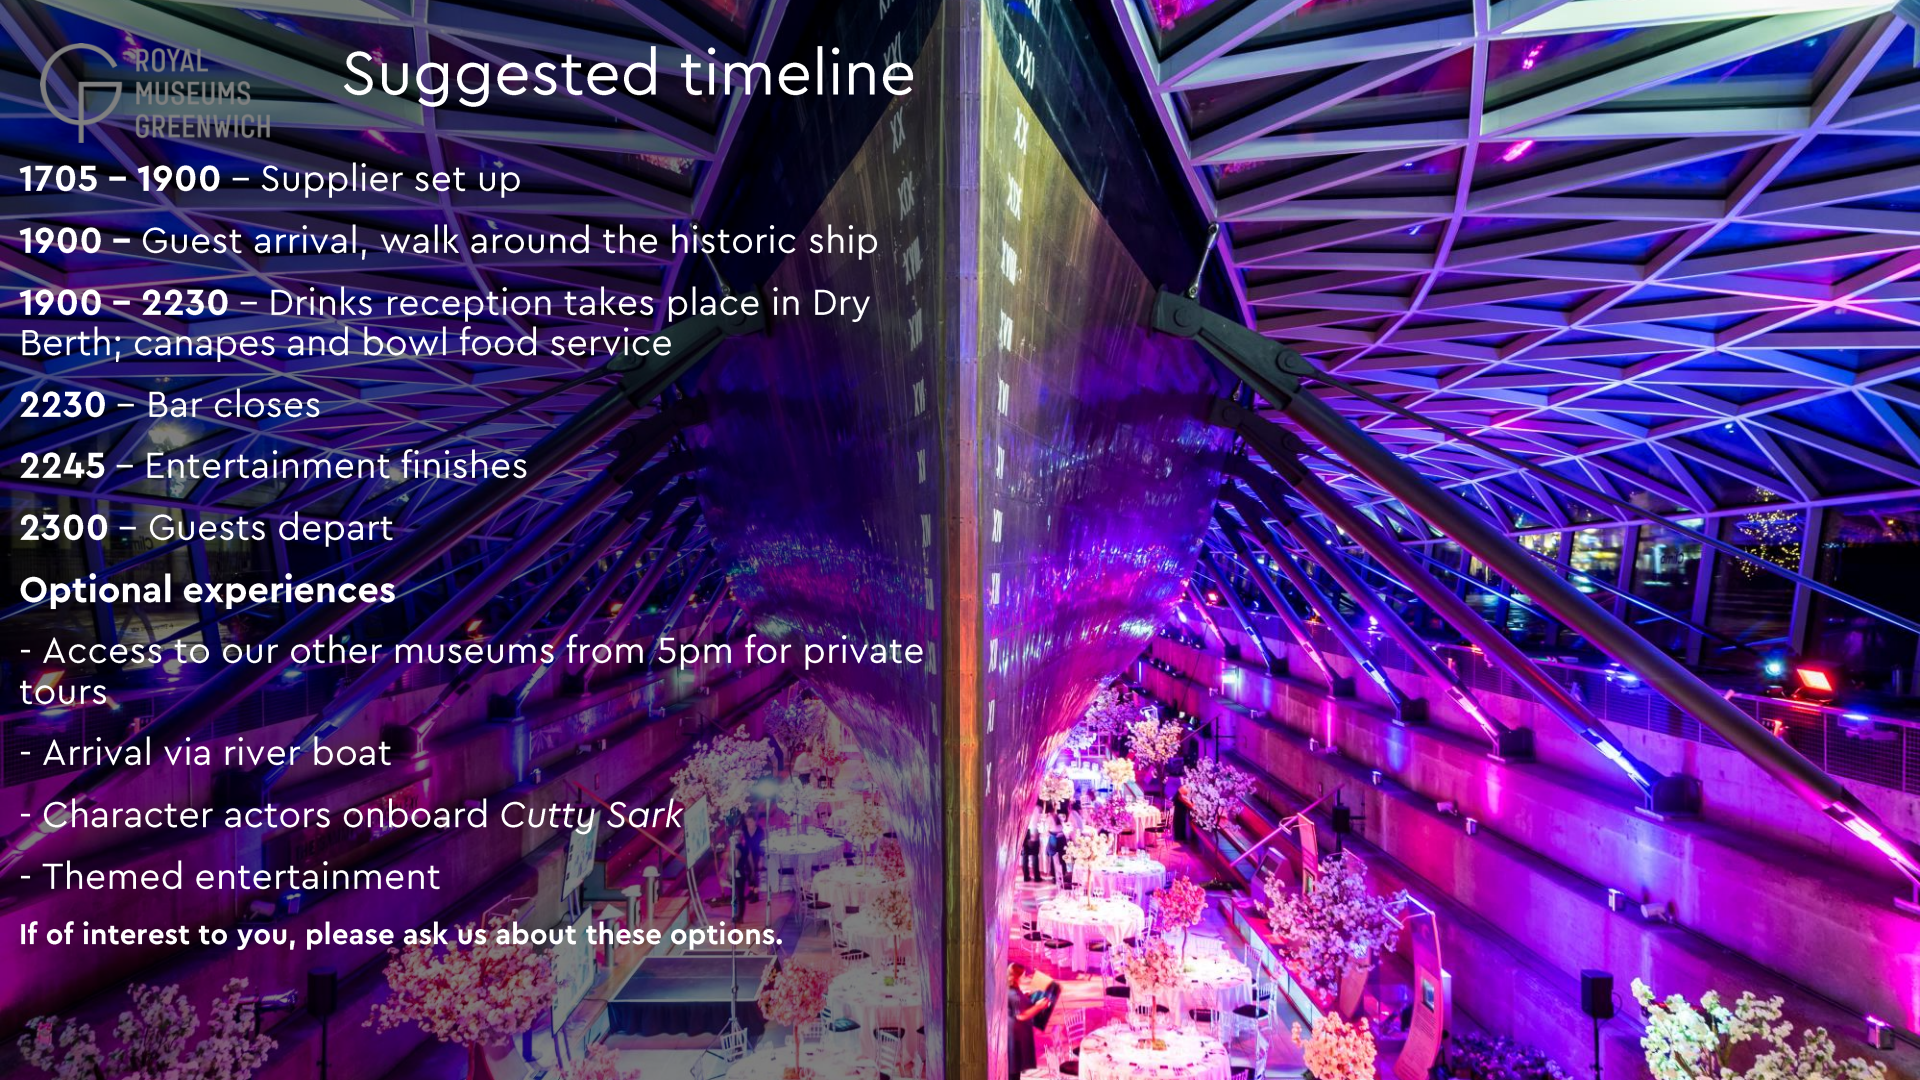

2245 – Entertainment finishes

2300 – Guests depart

Optional experiences

- Access to our other museums from 5pm for private tours
- Arrival via river boat
- Character actors onboard *Cutty Sark*
- Themed entertainment

If of interest to you, please ask us about these options.

SUSTAINABILITY AT RMG

Our strategic business plan, 'The RMG Plan 2022-2026 – Building Reach, Reputation and Resilience' makes a commitment to engage with the environmental challenges facing our future and to:

- Raise the level of consciousness around climate change and sustainable living.
- Increase the environmental sustainability of our sites and buildings.
- Ensure our ways of working meet our values around sustainability, integrating our approach to reducing human impact on climate change through all our activities; Be an advocate for change in the museum sector.

This places environmental sustainability at the core of our purpose, as one of the seven key goals and values of our business plan and it is thought about at every element of our operation, including our events.
